Dear Mr. Greenspan:

I was rummaging through my files today, and I found your reception report and SASE. I can't for the life of me remember whether I responded two years ago to your report of 10 MAR 95! So, here it is!

I am pleased to confirm your reception of WNIS on 10 March 1995, although you really shouldn't be hearing us up there because our directional pattern protects WEEI!

If I didn't QSL the first time, my apologies!

Thanks and Happy DXing!
